

# SOVEREIGN EXPORT INDONESIA

Delivering Quality – Building Trust

2025

# About Us

We are a reliable fishmeal producer and exporter based in Indonesia, the world's second-largest fish-producing country. With access to fresh Lemuru and Tuna by-products, supported by strong local fisheries and efficient processing, we produce high-quality steam-dried and sun-dried fishmeal with full traceability and lab-tested standards—ready to meet the needs of feed and aquaculture industries.

## Vision

To be a globally recognized and trusted partner in delivering premium agricultural and marine products—built on sustainable partnerships, unwavering quality, and transparent, responsive service.

## Mission

- 1.To supply high-quality, certified products that meet the evolving demands of international markets.
- 2.To maintain long-term, sustainable relationships with both clients and production partners based on trust, integrity, and mutual growth.
- 3.To ensure consistent product quality and full compliance through rigorous standards and traceable processes.
- 4.To offer clear, timely communication and responsive service for a seamless export experience.

## Steam Dried Fish Meal

55% – 60% Up Protein Levels

- Protein Content :60.58%
- Ash :12.02%

## Manual Dried Fish Meal

55% – 60% Up Protein Levels

- Protein Content :60.58%
- Ash :12.02%
- Crude Fat :11.27%
- Moisture :6.21%
- TVBN :150.40mg/100 gr

MOQ per shipping : 1x20 FCL Export / 8 Ton Domestic

Packing : 50kgs PP bag (Customizable by request with additional cost)

Product Information : The product is produced from non-GMO materials, it is feed grade, these specifications apply to an average sample covering the goods when they leave the factory or production plant.

Optimum storage conditions : Store in a well-ventilated, dry area.

Ideal storage temperature : Below 25°C (77°F).

## Fish Oil

### Crude Fish Oil

- FFA : 2.81
- Loading Value : 154.65g/l<sup>2</sup>/100 gr
- Peroxide Value : 3.86
- Arsenic : 7.8
- Cadmium (Cd) : Not Detected
- Lead (Pb) : Not Detected
- Mercury (Hg) : Not Detected

MOQ/Shipping : 1x20 FCL EXport

Packing : IBC Tank 1000 litre

For high-quality fish oil with high Omega-3 content, it is recommended to store at 5°C to 15°C (41°F – 59°F) to minimize oxidation. Store in a dark or shaded area, away from direct sunlight.

Use opaque IBC tanks to protect the oil from UV light which may cause degradation. Keep storage area dry and clean.

# Competitive Advantage

## **01** Tailored Branding & Packaging

We offer customized packaging ( or send your own ), free logo and packaging design to support your brand identity and market appeal. (T&C Apply)

## **03** Consistent Quality with Competitive Pricing

Our products maintain strict quality standards while remaining cost-effective, giving you both reliability and profit advantage.

## **02** Transparent & Responsive Communication

Get real-time production updates and fast responses across all stages—from order to delivery.

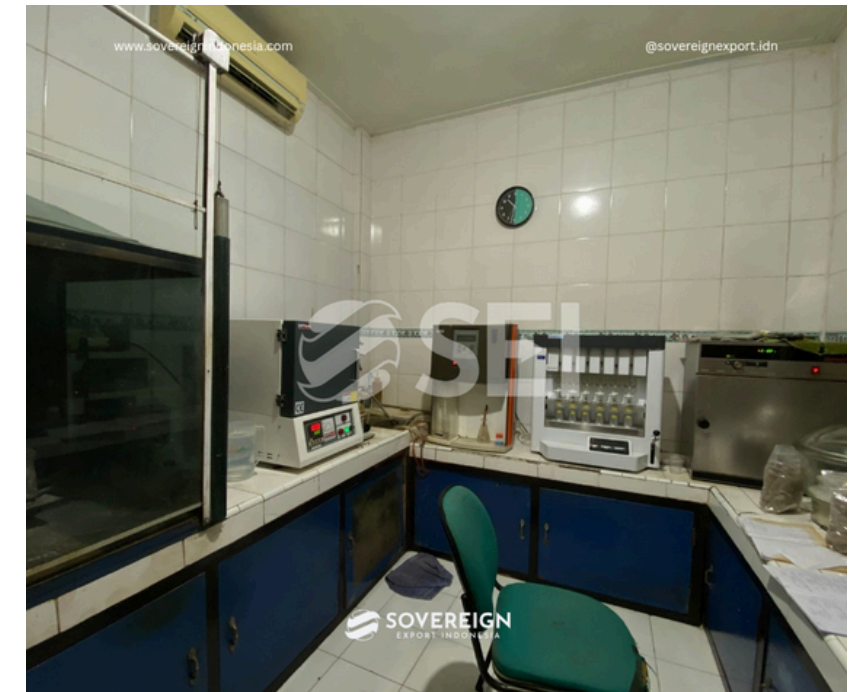

## **04** Seamless Export Experience

We handle the entire export process, ensuring you only need to receive and clear the goods—zero hassle.
